

# The Honor Flight Network

## Mission

The mission of the Honor Flight Network is to transport America's veterans to Washington, D.C. to visit the memorials dedicated to honoring those who have served and sacrificed for our country. Our motto is "one more tour, with honor".

## Introduction

The Honor Flight Network is a national network comprised of independent Hubs working together in furtherance of the Honor Flight mission. In furtherance of this common goal, we have the opportunity to show our nation's veterans the appreciation and honor they deserve. Participation in an Honor Flight trip gives veterans the opportunity to share this momentous occasion with other comrades, to remember friends and comrades lost, and share their stories and experiences with other veterans.

## Current Service

The Honor Flight Network is currently taking veterans who served in WWII, the Korean War and Vietnam. In the future, we hope to expand our service to include veterans from more recent conflicts including Desert Storm, the Gulf War, Iraqi Freedom and Afghanistan.
