

HONOR FLIGHT NETWORK SELECTS ROUNDIT FINANCIAL TECHNOLOGIES INC. TO ENHANCE THEIR US MOBILE FUNDRAISING CAPABILITIES

New York & Washington DC – 17 November 2020 – [Honor Flight Network](#), the nation’s leading non-profit organization dedicated to honoring U.S. veterans by transporting them to see the national memorials built in their honor is pleased to announce that it has selected [Roundit Financial Technologies Inc.](#) (roundit) to support and enhance its ongoing fundraising by providing access to its mobile fundraising platform to all 127 hubs in the Honor Flight Network. Roundit empowers users by creating a ‘network of good’ that allows individual users to roundup credit or debit card purchases and donate the extra change directly to Honor Flight; no matter where the purchase is made.

With technology playing an increasingly critical role in non-profit fundraising, Honor Flight is excited to provide its supporters with a mobile based technology that will allow people to donate in a new and non-intrusive manner. The Honor Flight Network - Roundit collaboration allows Honor Flight to gain access to new and emerging mobile technologies, that would be too expensive or too difficult to develop on their own.

“Roundit will provide an easy, innovate way for the Honor Flight Network’s supporters to continue powering our mission with their generosity,” said Honor Flight Network CEO Meredith Rosenbeck. “Providing our hubs a mobile platform for receiving donations is especially critical at a time when many of our in-person events have been postponed. This technology will bring in a steady stream of support for our activities honoring those who served.”

“Partnering with Honor Flight to deliver mobile fundraising technology is a real privilege. To be able to support Honor Flight by providing them with our mobile solution is what we are all about,” said Alexander Tabb, President & CEO of Roundit. “Together, we can unlock the full potential of mobile technology to transform fundraising and allow Honor Flight to do what they do best; support and honor our nation’s veterans.”
